

INDUSTRY DEDUCTIONS GUIDE

TRAINING

Can I deduct my Pilates class?

Possibly, if it is a class based on fitness and stretching work specifically for showgirls.

And choreographer expenses?

YEP! But, again, only for when the training is used for performance purposes, like competitions or showgirls.

Cool, what about acro, aerial, pole, or dance classes?

YES! But only when the training is used for performance purposes, like competitions or showgirls.
